

## Trinetra OEM Partner Program

In today's highly competitive transportation market it is vital for any manufacturer to choose the right partner to manage their fleet of vehicles. Each vehicle requires individual attention in terms of processing and customer handling to ensure that the manufacturer's brand values are properly represented.

Trinetra helps Original Equipment Manufacturers (OEMs) connect and communicate with consumers and vehicles where it matters most - on the road. When your vehicles are integrated with our platform, you can sell with confidence anywhere in the world. Being an industry leader in offering fleet management solutions, we know more about how to make your fleet smarter, greener and intelligent too.

## Solution Offerings

- Accelerate time-to-market strategy for GPS Vehicle Tracking
- Provide baseline data to internal engineering teams
- Designed for OEM to increase back end profit
- Real time tracking of vehicles
- Faster response times on service calls
- Offer your dealer network a capable telematics solution with up-selling opportunity
- Easy installation requiring no additional software
- Efficient maintenance schedules for extended vehicle life
- Intelligent reports on fleet utilization & much more
- Extensive services & dedicated support

## Key Benefits

- Improved compatibility
- Better overall integration
- Effective monitoring of vehicle usage
- Better customer service
- Enhanced vehicle & driver safety
- Reduced fuel costs
- Increased operational performance
- Reduce your carbon footprint
